

MERCHANT'S ASSOCIATION CENSURES SCHOOL BOARD

Think Unfairness Was Done
In Letting Supply
Contract.

DISCUSS LOCAL TOPICS
Lively Interest In Free
Bridge Question At
Speers.

An important meeting of the Charleroi Merchant's Association was held last night in the association rooms, and several matters of importance to themselves as well as the local townspeople were discussed.

Among the business taken up was the matter the school board awarding the contract of supplies for the schools, year 1908, to an outside firm when a home merchant was the lowest bidder on the same material. The matter was discussed fairly but much warmth of feeling was caused when the facts of the case were laid bare.

The Merchants who at all times are interested in the welfare of the town are very indignant at the board who so slighted one of their members, and recommended that the school board be censured for the unfairness shown to our home merchant's by their awarding the contract for supplies outside of Charleroi, when the same could have been secured of a home merchant for less money.

A lively interest was created by the discussion of the proposed free bridge connecting Speers and Belle Vernon over the Monongahela river, for which viewers have been appointed in both Fayette and Washington counties to look into the matter. The good which it could do for Charleroi was shown fully.

The matter of a 5c fare between Monaca and Charleroi and Belle Vernon and Charleroi on the West Side Street Railway company, was then taken up and the many advantages to Charleroi of such a fare was discussed, but no action taken.

It was decided to hold a Merchant's Picnic this year as usual, and a committee was appointed, consisting of J. H. Bowers, J. W. Carroll and L. Collins to look after a date.

TREAT EVERY WOUND AS IF VERY SERIOUS

"Protect your child from the horror of death by lockjaw" is the Fourth of July warning.

Every explosive wound, no matter how slight, should be treated as serious, for the germs of tetanus may be there. Not a moment should be lost in sending for a physician.

The wound should be carefully washed and then fomented with a hot antiseptic solution. Fatal result may often be prevented by immediate treatment. The wound from a toy pistol or other explosive may seem slight. The minute puncture may scarcely leave a trace on the skin. The deadly germ of tetanus, however, may have buried itself in the child's hand and the little one's life may soon pay the penalty.

Granville Man Arrested For
Conducting Saloon With-
out License.

A neatly fitted up saloon alleged to have been run in open violation of the law was discovered at Granville, a mining settlement near California yesterday and upon information of County Detective William McCleary, Earnest Huntermark and his bartender, Steve Kopish, were placed under arrest. They were held in \$500 bail for a hearing before Justice Schaffer, of Coal Center, on Tuesday, July 7.

The place had been watched for sometime and yesterday morning Officer Lake of California, and Officer Pyle, of Coal Center, went to the establishment and placed the men under arrest. The room was fitted up with a regular bar and the bartender was caught in the act of selling liquor over the bar and receiving money.

Huntermark when arrested stated that he was not violating any law as he had a state license. He also stated that the place was run as a known as the Miner's Mutual league, and that he was simply conducting the place for the league.

Huntermark was arrested last year by Charleroi officers and given a hearing before Justice Wilson of Charleroi but nothing could be found against him.

SCOTSDALE WITH M'ILVAINE WINS

Take Over Cherubs In Fir
Game—Twitchell Makes
Appearance.

OSBORNE FINISHES GAME

Hits And Runs Were
The Predominating
Features.

Elongated John Melvaine who was set adrift by the local management yesterday morning wished to demonstrate that his system was capable of absorbing another victory and in order to make the demonstration plain he mounted the heaving platform for Scottdale who were doing battle with the local aggregation. While John was touched up for a total of ten hits he seemed to be master of the situation as but three of Charleroi's six runs were earned, the remaining three being directly traceable to misplays and errors. Twitchell, who was secured from Youngstown of the O. and P. league made his first appearance upon the local mound yesterday and worked fairly well until the third inning when Scottdale got to him for a double, a triple and a single which resulted in two runs for the Millers. He steadied down somewhat in the next round and the side was retired in order. The fifth was too much however and after a single, a triple, one for four sacks and two errors had given the Millers four runs the game was put in action and Twitchell lifted. Manager Osborne himself took the station in the sixth and fared little better than his predecessor in the number of hits allowed, but seemed to have more luck in keeping the runs down as but two were registered on eight hits. One was made in the seventh on three singles in a row. In the eighth with one down Melvaine tripped and crossed on Ferguson's single.

While Scottdale were mistreating our twirlers Charleroi was trying to get some tallies on their side of the board. One was chalked in the very first round on singles by Nally, Cosgrove and O'Hara. There was little done by the local swatters from then until the sixth when with one in the grave Dunn reached first on Ferguson's error and went the distance when he made a bad heave to catch his at third. Heinz picked one out and when it took a bad bound over McKenna's head he pulled up at home. There was nothing more doing until the ninth when three were made. Dailey led with a double and Urban struck out. Osborne followed with a single which scored Dailey, and Arch crossed when they tried to catch him at third, giving Nally a life. Smith dropped Cosgrove's and Nally registered.

The action started yesterday is one in ejectment for the purpose of ousting them and getting possession of the church and parsonage. The plaintiffs are Isaac Yohe, James Leaver, James Stacher, George H. Heaps, Vincent Boyd, and Myrie Jones, deacons and trustees of the church. The defendants are Rev. H. H. At a meeting held on April 20, 1908, in the Fourth Avenue Baptist church of Pittsburgh, at which 33 churches were represented and 23 pastors and 44 lay delegates were present, drastic resolutions condemning the conduct of Shawger and the church were adopted. At this meeting ugly charges were formally referred against Mr. Shawger and sustained by the council.

One of the most sensational cases that has come up in the Washington county court for a long time is scheduled for the next term. The proceeding was started yesterday by Attorney Vernon Itzard, of Monaca-hela. It is the outgrowth of discord resulting in a split in the First Baptist church of that city.

The pastor, the Rev. W. H. Shawger, has been excluded from membership in the church on charges of untruthfulness and being divorced on unscriptural grounds. The split rests on the grounds that one faction charges the other with being unbaptistic in holding no open congregational business meetings, the practice of open communion, and keeping an unscripturally divorced man for a pastor.

Despite the fact that he has been, by recorded resolution unanimously adopted at a meeting of the faction recognized by the Pittsburgh Baptist association, excluded, Mr. Shawger continues to occupy the parsonage and

OPENING OF NEW LINE

Brownsville And Uniontown
Celebrate Beginning Of
Trolley Service.

SCHEDULE NOW IN EFFECT

Through Service Instituted
Between Two Towns
Yesterday.

The new trolley line of the West Penn Railways company between Uniontown and Brownsville was given an auspicious opening yesterday morning, which was marked by a hearty reception to the party of West Penn officials and prominent citizens who went from Uniontown on the two special cars which were run to mark the formal opening of a new line.

The streets of Brownsville were lined with people who waved handkerchiefs and cheered as the cars entered the town. A stop was made at the edge of Brownsville and the Rice's Landing band, marched ahead and escorted the cars down to the end of the line near the union station in Brownsville.

Greetings were exchanged at Brownsville and the citizens of the town extended a hearty welcome and congratulated the West Penn officials on the consummation of the long wished-for trolley extension to Brownsville. After a stop of a half hour in the town the specials started back to Uniontown.

Regular service was inaugurated between the two towns at 12:20 p. m. Cars will leave Uniontown every 40 minutes from 5 a. m. to 6:20 p. m. and after that cars will leave at 7:40, 9 and 10:30 p. m. The first car will leave Brownsville at 6:20 and the 40 minute service will cease at 7:40 p. m. After that cars leave at 9, 10:20 and 11:45 p. m. for Uniontown. The fare between the two towns is 30c.

The distance between Uniontown and Brownsville trolley line is between 16 and 17 miles and the line was built at greater expense than any other line in this section. The line passes through a very picturesque section of country.

Province.

Mrs. Mary Province, wife of the late Charles Province died yesterday afternoon at 4 o'clock at a Pittsburgh Hospital where she was taken sometime ago. The body will be brought home tonight. Funeral services will be held Saturday from the late home on Lincoln avenue and First street, at 10 o'clock. Interment will be in Crow's cemetery.

The deceased is survived by three children, all young. Mrs. Province was the daughter of Mr. and Mrs. Thomas Reed, who formerly occupied the farm upon which Charleroi was built.

Mrs. Blanché Jacobs and Mrs. D. N. McPherson of Sewickley and Mrs. Thomas Abercrombie of Wilmerding were visiting Miss Kate McPherson of Washington avenue yesterday.

It was stated that all had accepted and that now the positions were all filled.

Reports were read from the treasurer and tax collector, they being accepted. A number of bills were accepted and a warrant ordered drawn on the treasurer for the separate amounts.

MacBeth, Evans Plant To
Start Monday With Increased
Facilities.

SHUTDOWN BUT FOR WEEK

Probable That Plate Glass
Works Will Resume This
Fall.

When the Macbeth, Evans Chimney factory at Charleroi, the largest of the company's five plants, resumes operations on Monday, July 6, after a week's shutdown for stock taking, there will go to work about 1000 persons, who will probably be employed during the summer, fall and winter, with more to be added to the force in a short time. The Macbeth, Evans works when in full operations turns out an immense quantity of glass, but none too much to fulfill the general demand.

At present a large tank is being repaired, and it is probable it will be started within three weeks. Until that time a small tank will be made to answer all purposes. Another furnace is being built which when put in use will mean employment for seventy-five men. Three furnaces have been running up until the shutdown about a week ago. During the past month business has been very good for the local factory, being on hand all the orders they could well handle. From present indications this condition will continue for some time to come. The payroll per week has been \$10,000 for the past month but in a short time this amount will be increased to \$14,000. The local plant as before has been said is the largest of the five. The next in size is the Marion, Ind. Others are Pittsburgh, Toledo, Ohio, and Elwood, Ind.

The Plate Glass plant here it is thought may resume in the fall, and if it does, will mean for Charleroi more prosperous conditions than there has been for months. In other words it will make employment for a large force of men, which were thrown out of work when the factory closed on March 1. At present the only work being done there is the finishing of

DON'T WANT OTHER ROADS TO ENTER NEW COAL FIELD

It is said the Pennsylvania Railroad people are averse to the Lake Erie company getting into the southern part of the county, for the purpose of tapping the coal field now about to be developed. Following on the heels of the Lake Erie special which carried Vice President Spoonmaker and other officials of that road to Ellsworth and vicinity, a Pennsylvania special went over the branch presumably for the purpose of looking over the field adjacent to Mariana. Industrial developments may compel the Pennsylvania company to change the gauge of the W. and W. between Washington and Waynesburg, in order to hold that section of the bituminous field against other roads. There promises to be some rapid and startling changes in that section of Washington and the northern part of Greene county within the coming year.

The Observer is investigating the
coal mining towns of the county, and
some of them appear to need it.—Can-
onsburg Notes.

The one the Observer "investigated"
is at Canonsburg, within rifle shot of
where the Notes is published, but it
has seen nothing out of the way, at
least it has never as much as made a
peep on that score. And "peep"
is the word that correctly describes it.
It has been too busy keeping its eyes
shut to the drug store debauchery in
Canonsburg to see or do anything
but to peep out its approval of the
base falsehoods that the Drug Store
Dynasty hired its literary pirate to
manufacture about those living on the
Monongahela river.

A word with you, District Attorney
Acheson: There have appeared in a
newspaper, owned and controlled by
your uncle, several articles, giving
specific accounts of repeated lawless
acts perpetrated by coal companies in
Washington county. Names, places
acts, the law in the cases have been
so plainly stated that none but the
dullest of God's creatures can fail to
grasp their import. No longer ago
than Wednesday of this week, your
uncle's paper published an illustration
purporting to show an insanitary con-
dition and pollution of Chartiers creek
that makes an epidemic not only possi-
ble but more than probable.

These statements in your uncle's
paper are either true or false. If true,
it is your sworn duty to prosecute to
the fullest extent of the law the men
whom your uncle's paper has repeated-
ly stated practice extortion and petty
swindles and created conditions that
invite a plague.

If false, your uncle is guilty of
publishing shameful and scandalous
lies in his paper and his despica-
ble conduct should be made known to
the people of this county. The articles
are in generalities, but

been specific allegations, giving names
and acts and place. There is nothing
indefinite about them, they are joint
blank statements. You can perch
yourself on either horn of the dilemma
you please, but the fact remains that
somebody is due for a cell, either the
men your uncle's paper has stated are
lawbreakers, or your uncle for publish-
ing atrocious falsehoods.

You did a little red fire and calcium
light act a short time ago in a public
letter to the Constables about report-
ing illegal liquor sales, but entirely
overlooking that which is a public
scandal in Washington borough. But
in the case under consideration you can
not evade your sworn duties except at
the loss of public confidence in your
administration of the affairs of your
office.

ington Record.

Unless things have changed within
the last eighteen months when they
had dry Sundays, those needing a
drink will go to the creek bottoms and
they will find a greaser with his bag
of pulque, one drink of which will
make a man a maniac, and two put
him a mood to sack the town. It he
is homesick the pulque will cure it as
he will think he is in a drug store in
that dear old Washington borough.

Looks The Part

John Big Elk Tender ought to run
for Governor next time. The Con-
gressional field is too small for his cam-
paign capacity.—Connellsville Courier

He would look the part of Chief
Magistrate of the mighty Common-
wealth of Pennsylvania, more so than
any man since the days of the gallant
Hartman and would act it, too.

Shameful.

The contentions of the wings of the
Democrats over the coffin of the late
Grover Cleveland is humiliating to all
people irrespective of party. Talk of
men for the highest office in the gift
people who are conducting that disgraceful,
ghoul-like scene.

Tomorrow.

To-morrow, July 4th, will occur the
one hundred and thirty-second anni-
versary of the greatest and most precious
document that human beings ever con-
ceived. Of all the men who stood
sponsors at the cradle of Liberty and
"pledged their lives and fortunes and
sacred honor" in support of that docu-
ment, not one died with a stain upon
his name.

As Horatio Seymour eloquently said:
"When the sun rose on the morning of
the 4th day of July, 1776, in the
judgment of the world our fathers
were rebels and traitors. When the
echoes of the evening gun had died
away along the valley that which in
the eyes of the law was treason had
become militant patriotism."

Spare enough time from celebrating
tomorrow to read the Declaration of
Independence. As you read its so-
norous periods you will perceive that
our fathers had but little veneration
for a corrupt and pliant judiciary.
"who in many cases have deprived us
of a trial by jury," which, in itself,
they regarded as justifying Revolution.

So, when one of these praters trying
to justify a judge in depriving you of a
trial by jury, should ask you how you
got such a right, you can tell him as
Archibald Douglass told King James:
"By the sword we got and with the
sword we will keep it."

Making More Than
a Living

Nearly every man who works
steadily makes more than a liv-
ing. During these slow times
the men who have saved some-
thing appreciate what it is to
have something laid away for a
rainy day. A few cents a day
soon counts up, and when sav-
ings are placed in a bank at a
tidy interest the sum soon grows
to proportions that make it a
safeguard against want when
work is not plentiful. Figure
up how much more than a living
you are making now, and place
the difference in this bank.

Naive Lying.
A police official of New York, discussing the case of a policeman found guilty of protecting gambling houses, said:
"The man lied too naively in defense of his innocence. He was like a carpenter employed by a newspaper friend of mine. My newspaper friend writes a good deal at home, and, his study being next to the nursery, the children's noise disturbed him, and he employed a carpenter to make the wall sound proof between the two rooms. 'I'll fix it all right,' said the carpenter confidently. 'The best thing to do will be to line it with shavings.' He completed his job, then he called the literary man in. 'She's sound proof all right now,' he said. 'We'll test her,' said the literary man. 'You stay here.' And, going into the nursery, he called to the carpenter in the study, 'Can you hear me?' 'No, sir; I can't,' was the prompt reply."—New York Tribune.

Was Entitled to Trouble.
Lord Palmerston and Sir J.

who told the story, were walking down Bond street. A man came up and saluted the statesman.
"How do you do, Lord Palmerston?"
"Ah, how do? Glad to see you. How's the old complaint?"
The stranger's face clouded over, and he shook his head. "No better."
"Dear me! So sorry! Glad to have met you. Goodby."
"Who's your friend?" asked Sir James when the stranger had gone.
"No idea."
"Why, you asked him about his old complaint?"
"Pooh, pooh!" replied the other unconcernedly. "The old fellow's well over sixty; bound to have something the matter with him."—London Globe.

The Archbishop Won.
Dr. Whately, some time archbishop of Dublin, once had an encounter with a young aid-de-camp, and the primatop emerged victor. At dinner the soldier asked this singular question, "Does your grace know the difference between an archbishop and an ass?"

"Sir, I do not," answered Dr. Whately. "One wears the cross on his miter and the other wears it on his back!" explained the tactless officer. "Do you know the difference between an aide-de-camp and an ass?" asked the archbishop calmly in return. "No, your grace, I do not," was the reply. "Neither do I!" said his grace.—Liverpool Mercury.

Greeley's Writing.
During the early part of the nineteenth century the bad writing of great men became almost a byword. In fact, poor writing was considered by some people as almost a sign of genius. Horace Greeley was such a poor writer that his correspondents were sometimes obliged to guess at his meaning. It is related that a reporter on the New York Tribune who received a letter from Greeley discharging him presented it as a letter of recommendation to the editor of another paper.

Growing old is often merely a waste of time.—Philadelphia Record.

glass, which only furnishes employment for about 60 men.
Repairs are being made on the furnaces and machinery now and will continue until the reopening. Supt. Bechtel of the Charleroi plant in an interview this morning gave his opinion, that sometime this fall the works would be placed in full operation, and likely continue in that way. He said that he had no idea to the exact time for the resumption, if it be this fall.
Supt. Newton of the Hussy, Binns factory stated in an interview that the part of the plant was in operation. He refused to make any statement as to whether the factory would resume in full this summer or fall.
No sale has been reported of the Hamilton factory and it is not known what will be done at that plant this summer or fall.
The Charleroi Coal Works are now in full operation, and have been for sometime. Their shutdown was only temporary.

Admitted to Bar.

Warren S. Sharpless, formerly of Columbia county, now a resident of Washington county at Charleroi, has been admitted to the Washington county bar. No hard feelings Mac.
But one stolen sack. Conavery got it.

Mac seemed to have them on his hip.

Anyhow Uniontown and Clarksburg lost.

Wonder who will take Scottdale's place when they blow up.

Twenty-five hits for thirty-nine bases.

Yesterday seemed to be the day for hitting.

That O'Connor fellow is some stickler.

Twenty-five hits and eight errors in the game.

Eight hits off Arch for two runs is not so bad.

Our friend "Tuh" McGeary is with us for few days.

Dailey was the only Charleroi man to get more than one hit.

We tried to win in the ninth but the inning wasn't long enough.

McIlvaine just did it to show that the pitchers are not all to blame.

If they could have stretched that ninth inning out we "might" have won.

Dunn had a homer in the sixth—the result of Ferguson's good heaving arm.

Mae picked one of Osborne's benders for three sacks and it was a beauty.

A single, two errors, a triple and a homer was more than Twitchell could stand.

Nally started the game with a pretty single but got caught before getting around.

Twitchell made his first appearance but the pace was too fast and he took the bench in the fifth.

Jimmy Ferguson has that bad habit of "booting" them the same as when with Charleroi last year.

Heinz's homer was one of those that should have been for one sack as the ball took a bad bound over McKenna's head.

Cosgrove is badly crippled. His wrist is spained and his ankle twisted. He carries a miniature hospital in his pocket.

McGeary is about the poorest excuse of an ump that ever worked on the Charleroi ground. Not that he favors one team more than another but he is not capable of doing the work. It is a wonder the president of this league wouldn't let us look at another once in a while.

President Groninger has been in Scottdale the past few days looking up the situation along there. Prominent men in that burg are determined to have a strong team, and in all probability a shake-up will come soon. All the town wants now is a winning team and if it comes the people will support it in good style.

When you need to take something take it promptly for the stomach, but take something you know is reliable—something like Kodol For Dyspepsia and Indigestion. Kodol is pleasant to take, it is reliable and is guaranteed to give relief. It is sold by Piper Bros.

CASE AFTER CASE

Plenty More Like This in Charleroi.

Scores of Charleroi people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can be had than such endorsement?

Mrs. John Hudspeth, 422 Shady Ave., Charleroi, Pa., says: "My husband's work requires him to stand in a stooping position a good part of the time, and I believe this constant bending over is what weakened his kidneys. He complained of backache and severe pains in his loins. The action of the kidneys was irregular, and at times he would be stiff and lame all through his body. He began using Doan's Kidney Pills, which he procured at Piper Bros. Drug Store, and he improved from the first. A short use of this remedy drove the attack away. He has used Doan's Kidney Pills on one or two occasions since that time for backache, and the results have been just as satisfactory as they were in the first instance, and he is a great advocate of Doan's Kidney Pills."

For sale by all dealers. price 50c Foster-Milburn Co., Buffalo, N. Y., Sole Agents for the United States.

MERCHANTS' ASSOCIATION CENSURES SCHOOL BOARD

Think Unfairness Was Done
In Letting Supply
Contract.

DISCUSS LOCAL TOPICS
Lively Interest In Free
Bridge Question At
Speers.

An important meeting of the Charleroi Merchants' Association was held last night at the home of Mrs. J. H. Bowers, and several matters of importance to themselves as well as the local community were discussed.

Among the business taken up was the matter of the school board awarding the contract of supplies for the schools, year 1908, to an outside firm when a home merchant was the lowest bidder on the same material. The matter was discussed fairly but much warmth of feeling was caused when the facts of the case were laid bare.

The Merchants who at all times are interested in the welfare of the town are very indignant at the board who so slighted one of their members, and recommended that the school board be censured for the unfairness shown to our home merchant's by their awarding the contract for supplies outside of Charleroi, when the same could have been secured of a home merchant for less money.

A lively interest was created by the discussion of the proposed free bridge connecting Speers and Belle Vernon over the Monongahela river, for which viewers have been appointed in both Fayette and Washington counties to look into the matter. The good which it could do for Charleroi was shown fully.

The matter of a 5c fare between Monessen and Charleroi and Belle Vernon and Charleroi on the West Side Street Railway company, was then taken up and the many advantages to Charleroi of such a fare was discussed, but no action taken.

It was decided to hold a Merchants' Picnic this year as usual, and a committee was appointed, consisting of J. H. Bowers, J. W. Carroll and L. O'Hara to look after a date.

TREAT EVERY WOUND AS IF VERY SERIOUS

"Protect your child from the horror of death by lockjaw" is the Fourth of July warning.

Every explosive wound, no matter how slight, should be treated as serious, for the germs of tetanus may be there. Not a moment should be lost in sending for a physician.

The wound should be carefully washed and then fomented with a hot antiseptic solution. Fatal result may often be prevented by immediate treatment.

The wound from a toy pistol or other explosive may seem slight. The minute puncture may scarcely leave a trace on the skin. The deadly germ of tetanus, however, may have boomed itself in the child's hand and the little one's life may soon pay the penalty.

Take Over Cherubs In Fir
Game—Twitchell Makes
Appearance.

OSBORNE FINISHES GAME

Hits And Runs Were
The Predominating
Features.

Elongated John McIlvaire who was set adrift by the local management yesterday morning wished to demonstrate that his system was capable of absorbing another victory and in order to make the demonstration plain he mounted the hearing platform for Scottdale who were doing battle with the local aggregation. While John was tucked up for a total of ten hits he seemed to be master of the situation as but three of Charleroi's six runs were earned, the remaining three being directly traceable to misplays and errors. Twitchell, who was secured from Youngstown of the O and P league made his first appearance upon the local mound yesterday and worked fairly well until the third inning when Scottdale got to him for a double, a triple and a single which resulted in two rounds for the Millers. He steadied down somewhat in the next round and the side was retired in order. The fifth was too much however and after a single a triple, one for four sacks and two errors had given the Millers four runs, the crane was cut in action and Twitchell lifted. Manager Osborne himself took the station in the sixth and fared little better than his predecessor in the number of hits allowed, but seemed to have more luck in keeping the runs down as but two were registered on eight hits. One was made in the seventh on three singles in a row. In the eighth with one down McIlvaire tripped and crossed on Ferguson's single.

While Scottdale were mistreating our twirlers Charleroi was trying to get some rallies on their side of the board. One was chalked in the very first round on singles by Nally, Cogrove and O'Hara. There was little done by the local swatters from then until the sixth when with one in the grave Dunn reached first on Ferguson's error and went the distance when he made a bad throw to catch him at third. Heinz picked one out and when it took a bad bounce over McKenna's head he pulled up at home. There was nothing more doing until the ninth when three were made. Dailey led with a double and Urban struck out. Osborne followed with a single which scored Dailey and Arch crossed when they tried to catch him at third, giving Nally a life. Smith dropped Cogrove's and Nally registered.

OPENING OF NEW LINE

Brownsville And Uniontown
Celebrate Beginning Of
Trolley Service.

SCHEDULE NOW IN EFFECT

Through Service Instituted
Between Two Towns
Yesterday.

The new trolley line of the West Penn Railways company between Uniontown and Brownsville was given an auspicious opening yesterday morning, which was marked by a hearty reception to the party of West Penn officials and prominent citizens who went from Uniontown on the two special cars which were run to mark the formal opening of a new line.

The streets of Brownsville were lined with people who waved handkerchiefs and cheered as the cars entered the town. A stop was made at the edge of Brownsville and the Rice's Landing barge, marched ahead and escorted the cars down to the end of the line near the Uniontown station in Brownsville.

Greetings were exchanged at Brownsville and the citizens of the town extended a hearty welcome and congratulated the West Penn officials on the consummation of the long wished for trolley extension to Brownsville. After a stop of a half hour in the town the specials started back to Uniontown.

Regular service was inaugurated between the two towns at 12:20 p. m. Cars will leave Uniontown every 40 minutes from 5 a. m. to 6:20 p. m. and after that cars will leave at 7:40, 9 and 10:30 p. m. The first car will leave Brownsville at 6:20 and the 40 minute service will cease at 7:40 p. m. After that cars leave at 9, 10, 20 and 11:45 p. m. for Uniontown. The fare between the two towns is 30c.

The distance between Uniontown and Brownsville trolley line is between 16 and 17 miles and the line was built at greater expense than any other line in this section. The line passes through a very picturesque section of country.

Province.

Mrs. Mary Province, wife of the late Charles Province died yesterday afternoon at 1 o'clock at a Pittsburgh hospital where she was taken some time ago. The body will be brought home tonight. Funeral services will be held Saturday from the late home on Lincoln avenue and First street at 10 o'clock. Interment will be in Crow's cemetery.

The deceased is survived by three children, all young. Mrs. Province was the daughter of Mr. and Mrs. Thomas Reed, who formerly occupied the farm upon which Charleroi was built.

Mrs. Blanche Jacobs and Mrs. D. N. McPherson of Sewickley and Mrs. Thomas Abercrombie of Wilmerding were visiting Miss Kate McPherson of Washington avenue yesterday.

INDUSTRIAL CONCERNS TO RESUME OPERATIONS

TEACHERS HAVE
ALL ACCEPTED

School Board Holds Regular
Business Meeting Last
Night.

The school board met in regular monthly session last evening among the principal things being taken up was the report from the teachers which were recently elected, as to whether they accept or not the position to which they were elected. It was stated that all had accepted and that now the positions were all filled.

Reports were read from the treasurer and tax collector, they being accepted. A number of bills were accepted and a warrant ordered drawn on the treasurer for the separate amounts.

JULY 4TH A BIG DAY AT ELDORA PARK

The management of Eldora Park has made arrangements for a big day on the Fourth. During the day there will be special features. At the theatre there will be five acts, all headliners something seldom seen in this section. In the evening fireworks, the best and largest variety in the valley will be displayed.

Entertained at Cards.

Misses Grace Rhines and Elizabeth Hastings entertained yesterday at euchre, at their home on Crest avenue. Quite a number of guests were present, and all enjoyed a fine time. Lunch was served.

Mrs. A. O. Davis has left for Meadville to spend a few days with relatives.

Notice.

The school board of Scottdale will meet on July 6 for the purpose of electing a male principal for the 1908-9 term at a salary of 60 per month. All applications must be sent to George Spencer, Secy. 27615

HAS PURCHASED THEATRE HERE

The Star Family theatre on Fallowfield avenue, between Sixth and Seventh street, has been purchased by C. F. Tedrow, of Steubenville, Ohio, who will put the house in condition as soon as possible and open likely next week at up-to-date nickelodeon. The name of the theatre will be changed to "The Grand." The new proprietor will no doubt make a success.

MacBeth, Evans Plant To
Start Monday With Increased
Facilities.

SHUTDOWN BUT FOR WEEK

Probable That Plate Glass
Works Will Resume This
Fall.

When the Macbeth, Evans Chimney factory at Charleroi, the largest of the company's five plants, resumes operations on Monday, July 6, after a week's shutdown for stock taking, there will go to work about 1000 persons, who will probably be employed during the summer, fall and winter, with more to be added to the force in a short time. The Macbeth, Evans works when in full operations turns out an immense quantity of glass, but none too much to fulfill the general demand.

At present a large tank is being repaired, and it is probable it will be started within three weeks. Until that time a small tank will be made to answer all purposes. Another furnace is being built which when put in use will mean employment for seventy-five men. Three furnaces have been running up until the shutdown about a week ago. During the past month business has been very good for the local factory, being on hand all the orders they could well handle. From present indications this condition will continue for some time to come. The payroll per week has been \$10,000 for the past month but in a short time this amount will be increased to \$14,000. The local plant as before has been said is the largest of the five. The next in size is the Marion, Ind. Others are Pittsburg, Toledo, Ohio, and Elwood, Ind.

The Plate Glass plant here it is thought may resume in the fall, and if it does, will mean for Charleroi more prosperous conditions than there has been for months. In other words it will make employment for a large force of men, which were thrown out of work when the factory closed on March 1. At present the only work being done there is the finishing of

DON'T WANT OTHER ROADS TO ENTER NEW COAL FIELD

It is said the Pennsylvania Railroad people are averse to the Lake Erie company getting into the southern part of the county, for the purpose of tapping the coal field now about to be developed. Following on the heels of the Lake Erie special which carried Vice President Spoonmaker and other officials of that road to Ellsworth and vicinity, a Pennsylvania special went over the branch presumably for the purpose of looking over the field adjacent to Mariana. Industrial developments may compel the Pennsylvania company to change the gauge of the W. and W. between Washington and Waynesburg, in order to hook that section of the bituminous field against other roads. There promises to be some rapid and startling changes in that section of Washington and the northern part of Greene county within the coming year.

of today have reached that stage of intelligence where they are no longer imposed upon by the traveling quacks and peddlers of the traveling spectacle who used to reap a rich harvest, but he has done so much harm to that delicate organ, the eye, that people have learned that the plan is to have their eyes examined and fitted by a reliable located optician. Thorough examination free of charge.

Over Locked.

The Observer is investigating the
coal mining towns of the county, and
some of them appear to need it.—Can-
onsburg Notes.

The one the Observer "investigated"
is at Canonsburg, within rifle shot of
where the Notes is published, but it
has seen nothing out of the way, at
least it has never as much as made a
peep on that score. And "peep"
is the word that correctly describes it.
It has been too busy keeping its eyes
shut to the drug store debauchery in
Canonsburg to see or do anything
but to peep on its approval of the
base falsehoods that the Drug Store
Dynasty hired its literary pirate to
manufacture about those living on the
Monongahela river.

A word with you, District Attorney
Acheson: There have appeared in a
newspaper, owned and controlled by
your uncle, several articles, giving
specific accounts of repeated lawless
acts perpetrated by coal companies in
Washington county. Names, places,
acts, the law in the cases have been
so plainly stated that none but the
dullest of God's creatures can fail to
grasp their import. No longer ago
than Wednesday of this week your
uncle's paper published an illustration
purporting to show an insanitary con-
dition and pollution of Chartiers creek
that makes an epidemic not only possi-
ble but more than probable.

These statements in your uncle's
paper are either true or false. If true,
it is your sworn duty to prosecute to
the fullest extent of the law the men
whom your uncle's paper has repeated-
ly stated practice extortion and petty
swindles and created conditions that
invite a plague.

If false, your uncle is guilty of
publishing shameful and scandalous
statements in his paper and his despo-
tism should be made known to
this county. The articles
are in generalities, but

been specific allegations, giving names
and acts and places. There is nothing
indefinite about them, they are point
blank statements. You can perch
yourself on either horn of the dilemma
you please, but the fact remains that
somebody is due for a cell, either the
men your uncle's paper has stated are
lawbreakers, or your uncle for publish-
ing atrocious falsehoods.

You did a little red fire and calcium
light act a short time ago in a public
letter to the Constables about report-
ing illegal liquor sales, but entirely
overlooking that which is a public
scandal in Washington borough. But
in the case under consideration you can
not evade your sworn duties except at
the loss of public confidence in your
administration of the affairs of your
office.

Can Find A Drug Store.

A reporter for the ring morning
organ is now sojourning in Texas.
In a letter recently he speaks glow-
ingly of the "dry" conditions in that
State, which he says has been carried
by the Prohibitionists, and which he
states is strictly prohibitory.—Wash-
ington Record.

Unless things have changed within
the last eighteen months when they
had dry Sundays, those needing a
drink will go to the creek bottoms and
they will find a greaser with his bag
of pulque, one drink of which will
make a man a maniac, and two put
him a man to sack the town. If he
is homesick the pulque will cure it as
he will think he is in a drug store in
that dear old Washington borough.

Now's Your Chance.

If you have hatched any ism or ist
from the defamations of the Almighty
to the propagation of microbes, take
the first train for Denver. If you are
the patentee of a nostrum guaranteed
to cure every political and human ill,
get a stop-over ticket for Lincoln,
Nebraska. If you believe you can
legislate manhood into men and virtue
into woman join the seething, shout-
ing, sweating throngs at Denver that
believe the acts of legislature will
cure the defects of God's law.

Looks The Part

John Big Elk Tener ought to run
for Governor next time. The Con-
gressional field is too small for his cam-
paign capacity.—Connellsville Courier.
He would look the part of Chief
Magistrate of the mighty Common-
wealth of Pennsylvania, more so than
any man since they days of the gallant
Hartman and would act it, too.

Shameful.

The contentions of the wings of the
Democrats over the coffin of the late
Grover Cleveland is humiliating to all
people irrespective of party. Talk of
men for the highest office in the gift
people who are conducting that disgrace-
ful, ghoul-like scene.

Tomorrow.

To-morrow, July 4th, will occur the
one hundred and thirty-second anni-
versary of the greatest and most precious
document that human beings ever con-
ceived. Of all the men who stood
sponsors at the cradle of Liberty and
pledged their lives and fortunes and
sacred honor in support of that docu-
ment, not one died with a stain upon
his name.
As Horatio Seymour eloquently said:
"When the sun rose on the morning of
the 4th day of July, 1776, in the
judgment of the world our fathers
were rebels and traitors. When the
echoes of the evening gun had died
away along the valley that which in
the eyes of the law was treason had
become militant patriotism."

Spare enough time from celebrating
tomorrow to read the Declaration of
Independence. As you read its so-
norous periods you will perceive that
our fathers had but little veneration
for a corrupt and pliant judiciary.
"who in many cases have deprived us
of a trial by jury," which, in itself,
they regarded as justifying Revolution.

So, when one of these praters trying
to justify a judge in depriving you of
a trial by jury, should ask you how you
got such a right, you can tell him as
Abraham Lincoln said in his famous
speech at Springfield, Ill., in 1858:
"By the sword we got it, and with the
sword we will keep it."

Making More Than a Living

Nearly every man who works
steadily makes more than a liv-
ing. During these slow times
the men who have saved some-
thing appreciate what it is to
have something laid away for a
rainy day. A few cents a day
soon counts up, and when sav-
ings are placed in a bank at a
tidy interest the sum soon grows
to proportions that make it a
safeguard against want when
work is not plentiful. Figure
up how much more than a living
you are making now, and place
the difference in this bank.

INDUSTRIAL CONCERNS TO RESUME OPERATIONS

(Continued from page one)

glass, which only furnishes employment for about 60 men.

Repairs are being made on the furnaces and machinery now and will continue until the reopening. Supt. Bechtel of the Charleroi plant in an interview this morning gave his opinion, that sometime this fall the works would be placed in full operation, and likely continue in that way. He said that he had no idea to the exact time for the resumption, if it be this fall.

Supt. Newton of the Hussy, Binns factory stated in an interview that the part of the plant was in operation. He refused to make any statement as to whether the factory would resume in full this summer or fall.

No sale has been reported of the Hamilton factory and it is not known what will be done at that plant this summer or fall.

The Charleroi Coal Works are now in full operation, and have been for sometime. Their shutdown was only

Do you enjoy *all* your home?

Is it wisdom or a good investment to pay \$1,000 to \$15,000 for a house and then be cramped into only a few rooms of it on cold or windy days through lack of proper heating? Why not get the full value of all the home space day and night, all winter long, by the genial warmth of **AMERICAN & IDEAL RADIATORS & BOILERS**. These outfits soon save enough at the coal-bin to pay for themselves. A turn of the valve supplies as much or little Low-Pressure Steam or Hot-Water heat as needed to delightfully heat the rooms. No ash-dust, soot, or coal-gases get into living-rooms—thus saving housework and furnishings.

Naive Lying.

A police official of New York, discussing the case of a policeman found guilty of protecting gambling houses, said:

"The man lied too naively in defense of his innocence. He was like a carpenter employed by a newspaper friend of mine. My newspaper friend writes a good deal at home, and his study being next to the nursery, the children's noise disturbed him, and he employed a carpenter to make the wall sound proof between the two rooms. 'I'll fix it all right,' said the carpenter confidently. 'The best thing to do will be to line it with shavings.' He completed his job, then he called the literary man in. 'She's sound proof all right now,' he said. 'We'll test her,' said the literary man. 'You stay here.' And, going into the nursery, he called to the carpenter in the study, 'Can you hear me?' 'No, sir; I can't,' was the prompt reply."—New York Tribune.

Was Entitled to Trouble.
Lord Palmerston and Sir J.

who told the story, were walking down Bond street. A man came up and saluted the statesman.

"How do you do, Lord Palmerston?"

"Ah, how do? Glad to see you. How's the old complaint?"

The stranger's face clouded over, and he shook his head. "No better."

"Dear me! So sorry! Glad to have met you. Goodby."

"Who's your friend?" asked Sir James when the stranger had gone.

"No idea."

"Why, you asked him about his old complaint?"

"Pooh, pooh!" replied the other unconcernedly. "The old fellow's well over sixty; bound to have something the matter with him."—London Globe.

The Archbishop Won.

Dr. Whately, some time archbishop of Dublin, once had an encounter with a young aid-de-camp, and the prime minister, victor. At dinner the soldier asked the singular question, "Does your grace know the difference between an archbishop and an ass?"

"Sir, I do not," answered Dr. Whately. "One wears the cross on his mitre and the other wears it on his back!" explained the tactless officer. "Do you know the difference between an aid-de-camp and an ass?" asked the archbishop calmly in return. "No, your grace, I do not," was the reply. "Neither do I!" said his grace.—Liverpool Mercury.

Greeley's Writing.

During the early part of the nineteenth century the bad writing of great men became almost a byword. In fact, poor writing was considered by some people as almost a sign of genius. Horace Greeley was such a poor writer that his correspondents were sometimes obliged to guess at his meaning. It is related that a reporter on the New York Tribune who received a letter from Greeley discharging him presented it as a letter of recommendation to the editor of another paper.

Growing old is often merely a name of shame.—Philadelphia Record.

Some slugfest.
 No hard feelings Mac.
 But one stolen sack. Conavy got it.

Mac seemed to have them on his hip.
 Anyhow Uniontown and Clarksburg lost.

Wonder who will take Scottdale's place when they blow up.

Twenty-five hits for thirty-nine bases.

Yesterday seemed to be the day for hitting.

That O'Connor fellow is some stickler.

Twenty-five hits and eight errors in the game.

Eight hits off Arch for two runs is not so bad.

Our friend "Toh" McGeary is with us for few days.

Dailey was the only Charleroi man to get more than one hit.

We tried to win in the ninth but the inning wasn't long enough.

McIlvaine just did it to show that the pitchers are not all to blame.

If they could have stretched that ninth inning out we "might" have won.

Dunn had a homer in the sixth—the result of Ferguson's good heaving arm.

Mac picked one of Osborne's benders for three sacks and it was a beauty.

A single, two errors, a triple and a homer was more than Twitcheil could stand.

Nally started the game with a pretty single but got caught before getting around.

Twitcheil made his first appearance but the pace was too fast and he took the bench in the fifth.

Jimmy Ferguson has that bad habit of "booting" them the same as when with Charleroi last year.

Heinz's homer was one of those that should have been for one sack as the ball took a bad bound over McKenna's head.

Cosgrove is badly crippled. His wrist is spained and his ankle twisted. He carries a miniature hospital in his pocket.

McGeary is about the poorest excuse of an ump that ever worked on the Charleroi ground. Not that he favors one team more than another but he is not capable of doing the work. It is a wonder the president of this league wouldn't let us look at another once in a while.

President Groninger has been in Scottdale the past few days looking up the situation along there. Prominent men in that burg are determined to have a strong team, and in all probability a shake-up will come soon. All the town wants now is a winning team and if it comes the people will support it in good style.

CASE AFTER CASE

Plenty More Like This in Charleroi.

Scores of Charleroi people can tell you about Doan's Kidney Pills. Many a happy citizen makes a public statement of his experience. Here is a case of it. What better proof of merit can he had than such endorsement?
 Mrs. John Hudspeth, 420 Shady Ave., Charleroi, Pa., says: "My husband's work requires him to stand in a stooping position a good part of the time, and I believe this constant bending over is what weakened his kidneys. He complained of backache and severe pains in his loins. The action of the kidneys was irregular, and at times he would be stiff and lame all through his body. He began using Doan's Kidney Pills, which he procured at Piper Bros' Drug Store, and he improved from the first. A short use of this remedy drove the attack away. He has used Doan's Kidney Pills on one or two occasions since that time for backache, and the results have been just as satisfactory as they were in the first instance, and he is a great advocate of Doan's Kidney Pills.

The Proof of the Pudding

Nearly all fire insurance policies are dressed alike.

They are mostly glibly lithographed fellows filled with many "aforesaids" and "hereinafters."

They all promise you the same thing—protection.

The proof that the promise is protection lies in the past record and present condition of the issuing company.

Our policies are backed by companies that have been tried and proven.
